New Immigration Law Effects Chinese in U. S.

CHANGES DOMESTIC HABITS

American Flapper Must be Considered Now

SAN FRANCISCO - (By Assoclated Press)-The new American immigration law, with its pro-vision excluding allens ineligible to crizenship, is having quite an effect on San Francisco's historic Chinatown. The orthodox among the Chinese men are just beginging to realize that they will have to abandon the customer sending to China after marriageable girls Consequently the law is expected to make a radical change in the domestic situation on upper Grantiav and its byways.

### How to build up your Weight

TO be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus redcells in your

blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-

blood-cells, you begin to become plus. That's why S. S. S., since 1825, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness dieap-pear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. will build them.

by New Discovery

Sejence has perfected a new scalp trestment. It works in an entirely new way. It overcomes baldness by attacking the causes. It treats simultaneously each one of four conditions to which 90% of all hair troubles are due.

It removes dandruff, dead tissue and caked sebum that clog up the hair folli-cles choking life our of the hair and preventing new growth. It penetrates deep into the hair shaft, cleaning it of impurities and destroying the harmful bacteria that sap hair vitality. It stimulates the scalp tissues to action, increasing the blood circulation and bringing proper nourishment to the starved hair roots. It regulates the oil glands to give off the proper amount of sebum required

to lubricate and preserve the hair. Falling hair ceases as if by magic, dandruff and itching scalp disappear almost at once. The hair grows thicker and full of life and lustre. New shoots soon start to grow. The results are really

It's the fourth successive pennant, says Jawn McGraw, and a record that has never been equalled in over a half century in the National league. It's easy to understand this tenseness, when the

### GRIGSBY WON GAME WITH TIMELY BATTING

Chicago Cubs won against Cincinnati and crawled few inches higher in the league standing and a little clo to where the Giants now stand, and all this happened the Roush being an exceptional good thrower; too good in for from way out in center field he endeavored to nail F ber running for the plate and he threw far over Sandberg head. It was another ninth inning defeat. And it can truth fully be said that this same Grigsby won the game for the Cubs all by himself. He had four hits. In the fourth innihe tied the score the Reds had so much hard work and tron-

ble making, by slamming out a home run. Then the Reds batted into a lead and it looked as the they would win the game when this disastrous ninth took the shine out of every living thing. The Reds had tied the score in the minth by one of the most aggressive one run rallies, and it must not be forgotten that the score of the most aggressive one run rallies, and it must not be forgotten that the score of the score of the most aggressive one run rallies, and it must not be forgotten that the score of the score and it must not be forgotten that Cotter. Double plays—Heather runs were as hard to get at it is to nominate a Democratic presidential candidate, when along comes this same Grigsby in the Cubs half of the ninth. He shot Prirman and Hart. a perfect peg Roush would have ROBINS WHALE BRAVES gotten Freiberg at the plate, he BOSTON - Grimes pitched threw into the stands and that's hard-hitting Brooklyn team to

This makes a clean sweep for Killifer's Kids sgainst Cincinnati. And it, was all thru Grigsby, who was there to spoil every brilliant attempt. In his four times at hat he hit two singles, a double and a home run. In the fourth inning when the Cubs Stock, 3b were two behind he hit his Vets of the victory over Bo was knocked out of third inning, and Lu ished the game well. I was brilliant. Score:

hopes to Chicago fans. While the Giants were idle, they in-crease their standing to four games from the league lead. They seem to have gained in speed since their rather disastrous trip to Pittsburgh and Cincinnati.

MEXICAN PEONS DRIVEN ACROSS BORDER BY RICH TO PREVENT LAND CLAIMS

MEXICO CITY-Paradoxical as it may seem, the first effect of the national agrarian program, intended to provide a bit of land for each of Mexico's long downtrodden peons, is to swell the tide of emigrants to the United States, according to Cesar Cordoba, general sceretary of the National Agrarian

This emigration, says Mr. Cordoba, results from the fact that wealthy land-owners, when they learn that their peons have petitioned the national government for land, conspire with venal local. authorities to institute a veritable reign of terror against the peti-tioners. Without money or work the peons are unable to remain un-til the red tape envolving a divi-sion of lands is unwound, and are

forced to migrate.

Mr. Cordoba maintains, however. that data in the files of the com mission shows that the real cause of Mexican emigration is lack of land and that there is virtually no emigration from sections where the good effects of the agraman laws have been felt.
